

REMARKS

Applicants acknowledge the election of group 1 claims, namely, claims 1-9, 13 and 14. Claims 10-12 are withdrawn to be presented in a later divisional application. Claims 13 and 14 have been cancelled to obviate the objection based on duplication of claims 8 and 9, which have been found allowable.

Filed herewith is a terminal disclaimer disclaiming the term of the patent to issue on this application beyond the expiration of U.S. Patent No. 6,588,492. With the filing of this terminal disclaimer, the rejection directed to claims 1-9 under the judicial created doctrine of obviousness-double type patenting is obviated.

Accordingly, applicants believe that the application with pending claims 1-9 is in condition for allowance and to pass to issue. Applicant asks that the Examiner contact applicants attorney Arland T. Stein (317-231-7390) should the Examiner have any further questions after review of the present amendment.

Respectfully,

BARNES & THORNBURG LLP
